

Business Daily" article provided very
interesting statistics from a survey by the **United
Nations**

International Health Organization.

Percentage of men and women who survived a
cancer five years

after diagnosis:

U.S. 65%

England 46%

Canada 42%

Percentage of patients diagnosed with diabetes
who received

treatment within six months:

U.S. 93%

England 15%

Canada 43%

Percentage of seniors needing hip replacement
who received it

within six months:

U.S. 90%

England 15%

Canada	43%
--------	-----

Percentage referred to a medical specialist who
see one within

one month:

U.S.	77%
------	-----

England	40%
---------	-----

Canada	43%
--------	-----

Number of MRI scanners (a prime diagnostic
tool) per million people:

U.S.	71
------	----

England	14
---------	----

Canada	18
--------	----

Percentage of seniors (65+), with low income,
who say they are in

"excellent health":

U.S.	12%
------	-----

England	2%
---------	----

Canada	6%
--------	----

I don't know about you, but I don't want
"Universal Healthcare"

comparable to England or Canada .

Moreover, it was Sen. Harry Reid who said,
"Elderly Americans

must learn to accept the inconveniences of old
age."

SHIP HIM TO CANADA OR ENGLAND !

He is "elderly" himself but be sure to remember
his health

insurance is different from yours as Congress has
their own high-

end coverage! He will never have to learn to

accept

"inconveniences"!!!

AND THE WINNER IS VERY INTERESTING!

The percentage of each past president's cabinet
who had worked in

the private business sector prior to their
appointment to the

cabinet. You know what the private business
sector is... a real

life business, not a government job. Here are
the percentages.

T. Roosevelt..... 38%

Taft.....40%

Wilson52%

Harding.....49%

Coolidge..... 48%

Hoover..... 42%

F. Roosevelt..... 50%

Truman.....50%

Eisenhower..... 57%

Kennedy..... 30%

Johnson.....47%

Nixon..... 53%

Ford..... 42%

Carter..... 32%

Reagan.....56%

GH Bush..... 51%

Clinton 39%

GW Bush..... 55%

And the winner of the Chicken Dinner is:

Obama..... 8% !!!

This alone can explain the incompetence of this
administration.....!!!! 8%

Yep! That's right! Only Eight Percent!!!.. the
least by far of

the last 19 presidents!! And these people are
trying to tell our

big corporations how to run their business? They
know what's

best for GM...Chrysler... Wall Street... and you
and me?

How can the president of a major nation and
society...the one

with the most successful economic system in
world history...

stand and talk about business when he's never
worked for one?..

or about jobs when he has never really had
one??! And neither

has 92% of his senior staff and closest advisers!
They've spent

most of their time in academia, government
and/or non-profit

jobs....or as "community organizers" when they
should have been

in an employment line.

Just in case you have not seen these interesting
statistics:

**You may want to pass this
on, it will NEVER be seen in
the**

main street media!!
