CARCASS PRICE EQUIVALENT INDEX VALUES

The carcass price equivalent index value of a Choice 600-900 lbs carcass was 0.98 lower at 193.79; Select 600-900 lbs carcass was 0.31 lower at 178.44 compared to last Friday.

FABRICATED BOXED BEEF CUTS AND BEEF CUTOOUT VALUE

For the week, boxed beef cutout values were weak on Choice and higher on Select on very light to light demand and light offerings. Continuing the trend from last week, load counts were below average indicating buyer resistance to higher asking prices. The primal with the most gains this week was the rib primal that trended firm on Choice and higher on Select. The Select and Choice chuck and round primals held steady this session and the loin primal was weak on Choice and firm on Select. The weighted average price of the Choice trimmed shoulder clod has been increasing over the last several weeks and this week’s price of 226.28 set a new record high. The Choice /Select spread has narrowed in recent weeks; a counter trend for this time of year and is supported by the gains in the Select loin primal over the last few weeks. Overseas exports continue to have large load counts with 795 loads being reported this week. Fed grinds traded weaker this session while blended grinds were firm to higher. Beef trimmings were higher on light demand and very light to light offerings. Forward negotiated sales were light with no major consignments.
