NATIONAL CARLOT MEAT TRADE REVIEW

Week Ending: Thursday, Dec 12, 2013

CARCASS PRICE EQUIVALENT INDEX VALUES

The carcass price equivalent index value of a Choice 600-900 lbs carcass was 0.80 lower at 191.20; Select 600-900 lbs carcass was 0.36 lower at 177.60 compared to last Friday.

FABRICATED BOXED BEEF CUTS AND BEEF CUTOUT VALUE

For the week, Boxed beef cutout values were weak to lower on light demand and light to moderate offerings. The Choice rib primal had the largest decline this session despite setting a new weekly average record high of 728.29 on Choice export style ribeyes. The loss in rib primal value came from the heavy lip-ons and a significant decline of the 50% trimmings. Despite the decline in the 50% trimmings value, the Select rib primal was higher as heavy lip-ons increased value. Select and Choice chuck and round primals held steady while the loin primal was steady on Choice and weak on Select. The Select 0xl short loins were more heavily traded this week at a lower price contributing to the loin's weakening primal value. Fed and blended grinds were generally steady with the exception of the leaner grinds that were firm to higher. Beef trimmings were lower on moderate demand and heavy offerings. Forward negotiated sales were light with a large consignment of Choice top inside rounds being traded at a price lower than the spot market. For the week, Choice rib primal 12.50 lower while Select 5.50 higher; Select and Choice chuck primal steady to 1.75 higher; Select and Choice round primal steady to 1.50 higher; Select and Choice loin primal steady to 3.00 lower. Beef trimmings were 9.88 lower. Fed and blended cattle grinds were generally steady to 7.50 higher while blended grinds were steady. Composite of Boxed Beef Cutout Values: Choice 600/900# carcasses down 1.02 at 200.45 Select 600/900# carcasses down .36 at 186.62 when compared to last Friday.

COW AND BULL CARCASS, BONELESS PROCESSING BEEF, CUTTER COW CUTOUT

Lean boneless processing beef was moderately to sharply higher and trimmings were firm to higher. Demand was good for moderate to heavy offerings. Trading was moderate to active. Strong demand for boneless lean and tighter than expected cow supplies supported prices. The weakening 50% trimmings market made boneless lean a more attractive purchase. Last week's heavy sales and orders for the school lunch program made the available supplies of lean product scarcer than traders expected.

Market activity on imported beef was slow. Prices were generally steady. Weaker than anticipated demand and slow sales pressured prices. Outfront sales were very light as the extended holiday period brought business to a near standstill.

Cutter cow cutout values were moderately higher. Demand and offerings were moderate. Round items were higher while chuck, loin, rib and flank cuts were mixed. 100% lean items were mixed. Stronger boneless lean prices pushed cutout values higher.

Lean boneless beef 92-94% sharply higher; 90% moderately to sharply higher; 85% moderately higher; 81% 1.00 higher; 75% mostly firm to higher; 65% mostly firm to higher; Other lean percentages were not fully established. 100% lean combo items were mixed. Cutter cow carcass gross cutout value for Thursday, December 12, 2013 was estimated at \$160.01 per cwt, 1.77 higher compared to last Friday.

BY-PRODUCTS: VARIETY MEATS, TALLOW, PROTEINS, AND HIDES

Trading on variety meats was nearly non-existent this week. Most grinding materials had been pre-booked for the holiday season, leaving very little product left to trade for both pork and beef. Because the last holidays of the year are approaching, this time period is seasonally slow. This traditional marketing pattern has encouraged both buyers and sellers to take early vacations.

Market activity on tallow and greases was slow this week. Most buyers and sellers had their Decembers needs covered. Light soap demand pressured prices lower on Chicago packer bleachable tallow. Chicago choice white grease ended steady. In a light test, Chicago edible tallow finished higher than the most recent test. Refiner demand was moderate for light offerings. Central choice white grease ended slightly lower. Biofuel and feed fat demand was light for moderate offerings. The export markets were quiet.

Trading on protein feed supplements was slow this week. Central and Panhandle meat and bone meal ended the week generally steady. Demand and offerings were light to moderate. Pork meat and bone meal closed steady to slightly higher. Feed demand was mostly moderate to good for moderate offerings. Blood meal continued to be in good demand. Central and pork blood meal finished sharply higher. Supplies were limited.

Beef Variety Meats: Cheek meat not tested; Head meat, not tested; Domestic and export hearts not tested; Livers, select 2/box domestic 7.00 lower; Tripe scalded edible export 13.00 higher.

Pork Variety Meats: Cheeks steady with last reported quote. Central choice white grease 0.25-1.75 lower; Chicago packer bleachable tallow 0.75 lower; Chicago choice white grease steady; Central meat and bone meal steady; Panhandle meat and bone meal generally steady; pork meat and bone meal steady to 5.00 higher; Central blood meal 50.00 higher; pork blood meal 80.00-100.00 higher; Heavy Native Steer hides 1.00-3.00 lower; Branded Steer hides steady to 3.00 lower.

The average value of hide and offal for the four days ending December 12, 2013, was estimated at 14.95 per cwt., down 0.05 from last week and up 1.87 from last year.

NORTHEAST COAST AND NORTH CENTRAL VEAL CARCASS, CUTS

Compared to last week: Non packer owned calves were firm and packer owned calves were steady to weak. Demand light to moderate with moderate offerings. Harvest numbers were 6.9 percent higher compared to last week's total. Dressed weights were up 0.3 pounds in the Northeast, up 1.5 pounds in the North Central, with the total NE & NC being up 0.8 pounds.

Compared to last week: Special fed veal cut prices were steady to higher on all items. Demand and offerings light to moderate. Colder weather in the forecast prompted increases in veal featuring, especially shoulder blade and loin chops. With ground veal following close behind to sharing ad space.

LAMB: CARCASS & PELTS

Carcass lamb sales for the week, as of 12/12/2013: 45# and down weight carcasses 11.17 higher; 45-55# carcasses 16.83 higher; 55-65# carcasses 3.99 higher; 65# and heavier carcasses were .07 to 2.14 higher. The estimated National Lamb Carcass Cutout Report was 1.96 lower compared to last week at 323.60.

Pelt activity this week compared to last report: Pelt prices were mostly steady, with a weaker undertone prevailing. Weather condition has resulted in a decreased pelt quality due to mud. In addition, an increase of seedy pelts was noted also causing weakness in market.
