WEEKLY BOXED & DISTRIBUTIVE/LCL VEAL CUTS TRADE

Northeast and North Central Basis - FOB Major Production Points
Compared to last week: Special fed veal cut prices were generally steady, with racks and breasts reported higher. Veal features experienced a decline at about a 30 percent rate. Shoulder blade chops remain the leading item at steady values, while loin chops, leg cutlets and ground lamb were seen on a regular basis.

NATIONAL CARLOT MEAT TRADE REVIEW
Week Ending: Thursday, Apr 10, 2014

CARCASS PRICE EQUIVALENT INDEX VALUES

The carcass price equivalent index value of a Choice 600-900 lbs carcass was 2.15 lower at 216.46; Select 600-900 lbs carcass was 2.29 lower at 207.02 compared to last Friday.

FABRICATED BOXED BEEF CUTS AND BEEF CUTOUT VALUE

For the week, Boxed beef cutout values were lower on light demand and moderate offerings. The rib primal was steady on Choice while Select went higher, mostly driven by Select light lip ons. The chuck, round and loin primals were weak to lower with the exception of the Select loin primal that was steady. The primal with the biggest decline this session was the round primal with nearly all cuts losing value. Large price spreads were prominent is week as availability of cuts are varying from packer to packer. This is seen in the chuck and round primal as some packers are finding it advantageous to grind cuts especially round cuts ; leaving more trim in the pipeline. Fed and Blended grinds were lower on all lean percentages most notably Fed ground round. Beef trimmings trended lower this session and there was 1.2 million pounds of trim reported on Wednesday, the most since Dec 11th 2013. Forward Negotiated sales were light with no major consignments.

For the week: Select and Choice rib primal steady to 4.00 higher; Select and Choice chuck primal 3.50 to 5.25 lower; Select and Choice round 8.50 to 9.00 lower; Choice loin primal 1.50 to 3.750 lower ; Beef trimmings were 4.00 lower; Fed cattle grinds were 5.00 to 13.00 lower.

Composite of Boxed Beef Cutout Values: Choice 600/900# carcasses down 3.74 at 225.00 Select 600/900# carcasses down 3.07 at 214.30 when compared to last Friday.

COW AND BULL CARCASS, BONELESS PROCESSING BEEF, CUTTER COW CUTOUT

Lean boneless processing beef and trimmings were moderately to sharply lower. Demand was light to moderate for moderate offerings. Trading activity was moderate to active. Weaker retail and food service demand and heavier than expected inventories continued to pressure prices.

Market activity on imports was slow to moderate. Prices were mostly weak to 2.00 lower, instances 3.00 lower. Import supplies were moderate. The weaker domestic market and more available import supplies continued to pressure prices. Outfront sales were light.

Cutter cow cutout values were slightly to moderately lower. Chuck, round, rib, loin and flank items closed mixed. 100% lean items were mixed. Weaker boneless lean prices continued to pressure cutout values.

Lean boneless beef 92-94% moderately to sharply lower; 90% moderately lower; 85% moderately to sharply lower; 81% sharply lower; 75% unevenly steady; 65% moderately to sharply lower; Other lean percentages were not fully established. 100% lean combo items were mixed. Cutter cow carcass gross cutout value for Thursday, April 10, 2014 was estimated at \$199.83 per cwt, 0.94 higher compared to last Friday.

BY-PRODUCTS: VARIETY MEATS, TALLOW, PROTEINS, AND HIDES

Prices drifted lower for most of the beef variety meats this week. The lack of buying interest allowed inventory to build, pressuring packers to take lower money. Prices moved higher on pork cheeks and also fell lower on the same day as packers continue to move loads of pork variety meats through the channels. The Pacific Rim countries showed limited interest with prices within striking distance of the previous week's sales.

Trading on tallow and greases was slow this week. Chicago choice white grease traded at steady prices. Chemical demand was moderate for moderate offerings. Central choice white grease finished mostly steady on moderate demand and offerings. Chicago renderer bleachable tallow traded; however there was no recent test for comparison. The Gulf markets were quiet.

Protein feed supplements experienced moderate trading this week. Ruminant meat and bone meal finished the week mixed. Central ended steady to slightly higher while the Panhandle finished steady to lower. Demand and offerings were light to moderate. Central pork meat and bone meal ended lower on light demand. Blood meal was still under pressure of light demand and heavy supplies. Central and pork blood meal all finished the week lower.

Market activity on major packer hides was slow this week. The market remained firm. Light slaughters and packers keeping current with sales kept the market in good shape. Tanner resistance continued, but the market rolled on at steady to firm price levels. In light tests, Heavy Texas Steer hides ended slightly higher while Branded Steers finished steady to slightly higher. Dairy Cow hides ended higher than the most recent test.

Beef Variety Meats: Beef cheeks domestic 4.00 lower, export not tested; Feet 9.00 lower; Tripas no comparison; Tripe export 1.00 higher.

Pork Variety Meats: Cheeks unevenly steady; Ears, edible export 2.00 lower; Salivary glands, steady; Green boneless tip-on tongues export 1.00 higher.

Central choice white grease steady to 0.50 lower; Chicago choice white grease steady; Central meat and bone meal steady to 5.00 higher; Panhandle meat and bone meal steady to 35.00 lower; Central pork meat and bone meal mostly 45.00 lower; Central blood meal 50.00 lower; Central pork blood meal 50.00 lower; Eastern Cornbelt pork blood meal 15.00 lower; Dairy Cow hides 1.00 higher than most recent test; Heavy Texas Steer hides 1.00 higher; Branded Steer hides steady to 0.50 higher.

The average value of hide and offal for the four days ending April 10, 2014, was estimated at 16.10 per cwt., up 0.01 from last week and up 1.67 from last year.

NORTHEAST COAST AND NORTH CENTRAL VEAL CARCASS, CUTS

Compared to last week: The special fed veal carcass market was steady to firm on open market and steady on packer owned calves with moderate demand and light to moderate offerings. Harvest numbers were 6.5 percent higher compared to last week's total. Dressed weights were up 2.8 pounds in the Northeast, up 2 pounds in the North Central, with the total NE & NC being up 2.5 pounds.

Compared to last week: Special fed veal cut prices were generally steady, with racks and breasts reported higher. Veal features experienced a decline at about a 30 percent rate. Shoulder blade chops remain the leading item at steady values, while loin chops, leg cutlets and ground lamb were seen on a regular basis.

LAMB: CARCASS & PELTS

Carcass lamb sales for the week were mostly higher, as of 4/10/2014: 45# and down weight carcasses 77.49 higher; 45-55# carcasses 14.91 higher; 55-65# carcasses were 3.67 higher; 65-75# carcasses 0.13 lower; 75-85# carcasses 0.11 higher; over 85# carcasses 0.15 lower. The estimated National Lamb Carcass Cutout Report was 0.73 higher compared to last week at 339.67.

Pelt activity this week compared to last report: Pelt prices were steady. Demand continues to be soft in global markets currently as exchange rates and environmental concerns are still at the forefront of the market.
